<b>Company</b>	Faversham House
<b>Support level</b>	<b>DELIVERY PARTNER</b>

## Aquabox

For several years now, Faversham House has recognised the natural synergies between Aquabox and its audience in the water industry, and has supported the charity with editorial coverage, advertising space and exhibition presence.

Aquabox is a volunteer-led charity and community project which provides safe drinking water, through the use of filtration units, and humanitarian aid to crisis zones around the world. Since its formation in 1992, it has distributed more than 125,000 boxes to countries suffering from natural and man-made disasters, helping hundreds of thousands of people in more than 50 countries throughout the world.

We rely entirely on donations and the fundraising activities of our supporters to fund our work and purchase the items which we supply in the aid boxes. We are very grateful for Faversham Houses for their advice and support over the years.
